## Our Staff

Our staff is mad about hiking and love & respect the Bedouin way of life. So they put the two together and made Bedouin Paths happen. If you share our beliefs and want to join us, then kindly send an email to [jobs@bedouinpaths.com](mailto:jobs@bedouinpaths.com) and tell us who you are.

### Management Team:

#### Managing Director: Mark Knutton

Mark is English, in a 6' 4" sort of way, and cannot understand why everyone else is so small; unlike his ego. Mark's job is to pretend he is the boss although everyone ignores him anyway. No-one has told him this so please keep it quiet.

If you feel the need to enlighten him please do so at [mark@bedouinpaths.com](mailto:mark@bedouinpaths.com) and break it to him gently.

#### Financial Director: Adrian Tiwari

Adrian is English (although he thinks he is Austrian), and pretends he is a lion tamer, but is actually an accountant. He is meek and mild and thinks counting beans is the most exciting thing you can do with your clothes on. Adrian is responsible for making sure we pay our bills, we pay our staff and, most importantly, do not spend the money put aside for education and housing.

If you think he is fiddling his expenses then please complain by emailing him on [adrian@bedouinpaths.com](mailto:adrian@bedouinpaths.com) and put him to rights.

## Our staff Part 2

### **Company Secretary: Karel Chlebek**

Karel has both Czech and British parentage, pretends he is a Scotsman and plays classical guitar. Or is it he plays with Scotsmen and pretends to play the guitar? We are not sure. However we are sure he is responsible for the good governance of the company and that all is above board and as it should be.

So if you think we are being unethical or downright bad, then send him an email on [karel@bedouinpaths.com](mailto:karel@bedouinpaths.com) and complain why you were not offered a bribe.

### **Mr Sayeed: Teacher**

Mr Sayeed is our Egyptian English teacher at the Bedouin School. He teaches 4 classes a day with 12 children in each, 5 days a week. He hopes to have a native English volunteer helper later this year so if you fancy working and teaching Egyptian and Bedouin children then he is the chap to talk to. You can meet Mr Sayeed at our Guesthouse in ST Katherine.

### **Web Team: Petrol Digital Media**

The team at PDM are great web designers, terrible dressers and think they are cool & groovy because they work in Soho. We take their advice on design and creatives but draw the line at their strange hairstyles.

So if you have an idea for the website then email Anthony at [ant@bedouinpaths.com](mailto:ant@bedouinpaths.com) and tell him to get a haircut.
